Warning
Mercury contamination has been documented on the refuge. On July 29, 1992, the State of Louisiana issued the following consumption regarding fish from the Ouachita River: For pregnant women and children (less than seven years of age), consume no bass, and limit consumption of other species of fish to two meals per month (a meal is considered to be half a pound of fish for an adult). For non-pregnant women, men and children (seven years of age and older), limit the consumption of bass to two meals per month, and there is no limit on other species of fish.

Elevated levels of mercury have been found by the Fish and Wildlife Service in other species of fish and it is recommended that no fish caught on the refuge be eaten.

Signs and Boundaries

Signs are useful tools in regulating the use of a public area. The wording applies to the areas behind the signs. Pay attention to the signs, watch for boundary corners, and check your location with the maps.

This sign marks the refuge boundary. Public entry by foot is generally authorized at all times on the refuge. However, other refuges in the system may have different regulations concerning general entry. Always know the regulations before entering.

This sign means that the area is closed to all entry. Do not trespass behind this sign for any reason other than emergency. Exception: Check with refuge office for information.

This sign means no motorized vehicles beyond this point. This applies to all cars, trucks, jeeps, all-terrain vehicles, and motorcycles. Non-motorized bicycles are allowed.

This sign marks the boundaries of the waterfowl hunting areas on the refuge.

2012-2013 Hunting Seasons / Regulations

Muzzle loading firearms may be used during refuge deer gun hunts but refuge does not have a special muzzle loading season. No deer hunting within 100 feet of the centerline of public roads, refuge roads, ATV trails, electric transmission lines or within 50 feet of gas well towers or other production facilities.		
Frogging	State season	See state regulations.
Fishing and Boating	Year round except No Hunting Area on Mollicy Unit where fishing will be permitted March 1 - August 31	See state regulations. Exceptions: Commercial fishing is prohibited. Recreational fishing using commercial gear (slat traps, etc.) requires a special refuge permit. Ends of trot lines must be attached by a length of cotton line which extends into the water. Trotlines and yoyos must be tended daily. Trotlines lacking cotton line or having exposed hooks are subject to removal by refuge personnel. No boats permitted in No Hunting Area at Mollicy from September 1 - February 28, (see map). Motorized boats can only be launched from designated boat ramps at the Mollicy Unit.

Introduction

Upper Ouachita National Wildlife Refuge is one of over 550 national wildlife refuges. The primary objective of a national wildlife refuge is to provide habitat for the conservation and protection of all species of wildlife, particularly waterfowl and other migratory birds. The harvest of animals is one tool used to manage fish and wildlife populations. Carefully managed hunting and fishing help maintain these populations at a level compatible with the environment, provide wholesome recreational opportunities, and permit the use of valuable renewable resources.

The regulations in this pamphlet supplement the general regulations governing hunting and fishing on national wildlife refuges as set forth in Title 50, Code of Federal Regulations. Hunting and fishing will be in accordance with applicable state regulations except as noted below.

As you use the refuges, take pride in America and the refuge resources. Report violations promptly. Respect the rights of others using the refuge.

Refuge is open from sunrise to sunset except for legal hunting and fishing. The Mollicy Unit is closed to nighttime activities.

Warning

Use caution when operating boats or wading in flooded areas of the refuge. Obstructions/obstacles may be submerged and unmarked.

All boats must comply with state law and display proper navigation lights from sunset to sunrise.

General Hunting Regulations

By hunting or fishing on the refuge, you can be subjected to fish and game inspection.

Permits

A signed refuge hunting permit (front of this brochure) must be carried by all hunters.

Limited Youth Hunts

A special limited permit is required for the Limited Youth Turkey hunt. To apply for a limited youth hunt, type or plainly print your name, address, and date of birth on the front of a U.S. Postal Service postcard. Unofficial postcards will be discarded prior to drawing. Send all postcards in an envelope addressed to the Refuge Manager at the address on the back of this brochure. You may only apply once. Youth Turkey applications must be postmarked during February 2013.

Restricted Areas

Hunting is restricted in certain areas as shown on the hunting map.

Refuge hunting seasons apply to all navigable waterways that are wholly within the refuge boundary.

Hunters may enter the refuge no earlier than 4 am and must exit no later than two hours after legal shooting hours unless otherwise specified.

Youth

The definition of youth hunters on the refuge is as follows: 17 years old and under for all hunting except for migratory bird hunts, youth must be 15 years old or under. Youths must be closely supervised (in sight and in normal voice contact) by an adult at least 21 years old. An adult may supervise only one youth on a big game hunt and no more than two youths on a small game or waterfowl hunt. Youth hunters are no longer required to have completed a hunter education course to hunt on the refuge.

Firearms and Ammunition

It is the responsibility of visitors to understand and comply with all applicable state, local and federal firearms laws before entering the refuge.

For public safety reasons, hunters are prohibited from discharging a firearm within 100 feet of the centerline of public roads, maintained refuge roads or rights-of-way, including ATV trails and electric transmission lines. No hunting on or within 50 feet of an oil or gas well tower. Target practice is prohibited on the refuge.

Firearm ammunition, used for hunting, larger than a .22 caliber rim-fire, shotgun slug, or buckshot are allowed only during refuge gun deer season. Lead shot is prohibited for all hunting, except buckshot, when authorized.

Safety

All hunters (except waterfowl hunters) must wear hunter orange including orange hat during the refuge gun deer hunt as per state deer hunting regulations on WMAs. Hunters participating in special dog season for rabbit hunting must wear an orange hat. Although highly recommended, the International Bowhunters Education certification is no longer required to archery deer hunt on the refuge.

Disabled

Medically certified disabled sportsmen that need assistance should contact the Refuge Manager.

ATV Regulations

ATVs are permitted on trails designated for their use (see map). The trails are marked with signs and will be closed March 1 through August 31. ATVs are prohibited from one hour after legal shooting hours to 4 a.m. Raccoon hunters may not use ATVs. **ATV tires are restricted to those no larger than 25 x 12 with a maximum 1” lug height and a maximum allowable tire pressure of 7 psi. as indicated on the tire by the manufacturer. ATVs cannot exceed 750 lbs., 85” in length and 48” in width. Use of all other ATVs or ATV tires is prohibited on the refuge.** Exceptions to ATV trail closures are the ATV trail south of the levee on Mollicy Unit and the ATV trail from Eagle Nest Parking Lot to Cheney Slough which will be open March 1 through August 31 for fishing access only (see map).
